### Pharmaceutical Compounding Accreditation Board-PCAB

In 2010 Mark Drugs became the first pharmacy in the state of Illinois to earn the Pharmacy Compounding Accreditation Board's Seal of Accreditation. PCAB accreditation demonstrates that Mark Drugs meets the highest quality and safety standards in its profession. The Board was founded by eight of the leading pharmaceutical

organizations in the US:

[United States Pharmacopeia \(USP\)](#)

[National Association of Boards of Pharmacy \(VAWD\)](#)

[National Alliance of State Pharmacy Association](#)

[American College of Apothecaries](#)

[American Pharmacists Association](#)

[International Academy of Compounding Pharmacists](#)

[National Community Pharmacists Association](#)

[National Home Infusion Association](#)

### USP 795 and 797 Compliance

Mark Drugs meets all requirements set forth by the U.S. Pharmacopeia to assure 795 and 797 compliance for both non-sterile and sterile products. USP 797 is endorsed by the Joint Commission of the Accreditation of Healthcare Organizations and governs any pharmacy that prepares compounded sterile preparations. For more information on USP 797 visit [www.usp797.org](http://www.usp797.org).

If you would like more information on compliance standards, please visit the U.S Pharmacopeia website at [www.usp.org](http://www.usp.org).

### Product Testing

Mark Drugs works with offsite laboratories for testing and confirming product sterility

### Lab Testing

Microbiology Specialists Inc. has been brought in to examine the lab's buffer zones, air quality and products; and further ensure Mark Drug's commitment to excellence.
